**Nelson Memorial Park Cemetery** is located at the top of Falls Street in the Uphill area. This beautifully treed, 14 acre park provides an excellent site for a serene walk past approximately 10,500 graves of some of Nelson's most prominent and earliest citizens.

Most individuals interred in the cemetery contributed in some way to the development of the city's character and charm.

For further information about the cemetery, contact the Cemetery Operator (weekdays at the cemetery office or grounds) alternately, the Nelson City Public Works Complex.
